

Judgment on America

First of all I need to make something clear right from the get go. Any nation who goes up against Israel will be judged, period. With that said, in the past few months this great nation's Godly heritage has been smeared through the blood of Christ more so during the Obamanation than any other presidency. Now to make things worse our nation's leaders are pressing Israel to divide their land. Thing is, it is the land of God's chosen people. It is the center point of the whole world. It holds the holy city Jerusalem and most important it is the very place where heaven will come down and we will have peace once and for all. Amen!

I am going to present you with three biblical facts as to why America and any other nation for that matter needs to befriend Israel and not seek to destroy or divide their freedoms. Bible facts; not Koran. In 2nd Kings 19:10; King Hezekiah prayed to God that Jerusalem would not be given over to the King of Assyria. 2nd Kings 19:35-37 tells us that in the middle of the night the people of Assyria were about to attack Hezekiah and his people. Before they were able to do so an angel of the Lord killed 185,000 Assyrians. When Hezekiah and his people awoke the next morning they knew Hezekiah's prayer had been answered when they saw the dead corpses. If America does not assist in an attempted takeover directly, I still wonder, how much more the Lord would judge the nations who are accessories in warranting heinous crimes towards Israel's humanity.

In Ezekiel 38 & 39; speaking of this day and age; Russia, Persia, Ethiopia, Libya and several others will devise a plan to attack the people of Israel for their worldly goods. Those armies will be destroyed by flooding rain, great hailstones, fire, brimstone and various other disasters.

Finally, in Revelation 20:7-10, Russia attempts to surround the holy city Jerusalem and the Lord strikes again. This time they will ultimately be cast into the lake of fire once and for all.

There are several more examples all throughout the Bible of how the Lord protects His people. But know this; those of us who have partaken of the gift of life which Jesus gave us by dying on the cross can be protected by this same holy and loving God. Romans 11:11 proclaims salvation for the Gentiles; having been grafted into the vine of Israel. We also received power from on high in Acts 10:45-48 and were allowed water baptism. We can rest in these promises and know the Lord will deliver us from the evil one.

In 1962 there was a ruling to take down public displays of The 10 Commandments. The 10 Commandments are God's moral standard; given to us in Exodus Chapter 20 as a blueprint on how to conduct ourselves. Since the ruling was passed to disgrace this great nation we have seen an outrageous rise in statistics such as violent crime, abortion rates, divorce, suicide and various other disturbing acts of disobedience. These days just when we think we have seen or heard it all, some sin we have never heard of takes root and a new fad begins. The blind drag the blind even deeper into the pit of darkness as the domino effect of sin rages on. In removing His commandments we have become

exceedingly and increasingly divided against ourselves with many religions pointing to many gods or no god at all. Matthew 12:25 says, "A house divided against itself will not stand." I tend to believe the saying goes just as much for a nation.

I'm sorry; I have to use this old but true phrase. The Lord made Adam and Eve not Adam and Steve. Yes, I am now on the bandwagon of speaking out against homosexuality. The first fact about this topic can be found in the very first book of the Bible in Genesis Chapter 2. Just to set the record straight; I am not making fun of or judging the homosexual nor am I condemning you. John 3:18 says, "He who believes in Him is not condemned; but he who does not believe is condemned already, because he has not believed in the name of the only begotten Son of God.

I am also not saying I am any better than the homosexual either. To sum it up; 1st Corinthians 6:9-11 says, "We were all unrighteous at one time and to not forget where we came from." Every since Adam and Eve sinned in the Garden of Eden we were all born of the sinful nature; but once we accept the Lord as our way of salvation we must put off the former self and become new.

With that said; I have to list the most obvious scripture verse that speaks out against homosexuality. 1st Corinthians 6:9 says, "The homosexual will not inherit the Kingdom of God." Know this homosexual; this does not mean Jesus loves you less or does not love you at all. But just as Adam and Eve you have a choice. They were thrown out of the Garden. They had the good life as we have never known and they blew it. You will never even get a taste of the best He has in store for you in heaven much less here on earth if you do not repent of your sin.

We have recently had a few states pass homosexual marriage laws and I feel it is only just the beginning. You can read about the following in the "Obama" section. Obama stated, "America is now the largest Muslim nation." Well guess what! It will not be to long from now that we will also be able to applaud ourselves as being the largest homosexual nation when voicing our groundbreaking list of accomplishments!" Now would be a good time to pause and give our selfish egos a big group hug while the going is still good! I say, "while the going is still good" because those groundbreaking events will eventually lead to the earth shattering when the Lord God Almighty comes down and splits the Mount of Olives. He will strike the nations who dishonored Him with His sword and rule them with a rod of iron as we are told in Revelation 19:11-16.

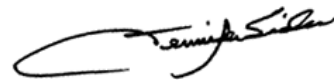

Recently a school district in California has approved a mandatory homosexual curriculum for children as young as 5 on up to the 5th grade level – and parents will not be allowed to remove their children from the lessons. Read about it in the "Current Events" section. This degradation is just one more dishonorable act of ignorance in our nations biblically uneducated and immoral human rights advocates.

The following info can be viewed in the "Judgment on America" links. Last but not least I present to you how indebted we are to China. The United States owes the People's Republic of China \$739 billion dollars, which breaks down to each and every man,

woman and child in America owing the Chinese government about \$2,500. That is not even counting how much we are out in all the bailouts in previous months. Why could it not have been some little country like Nepal who does not have enough manpower to obliterate us to smithereens? No, we have to go and pick a giant who can cripple us enough that we could become a nation that is almost nonexistent. The Bible says in Romans 13:8 not to owe anything to anyone. I would think that applies just as much to a country as it does an individual. It is such an important issue that Jesus made it a point to speak parables of wisdom as a warning not to get caught up in such affairs. I know you have to understand how crazy people can get over money that is owed to them. Banks foreclose homes over it. Recently people have lost their jobs in record numbers. How much more crazy can a country become over such a debt? China is already coming to America and buying us out of properties which have been foreclosed on. Anyway, I am about to get into subjects that probably have to do with my upcoming Global Economic Crisis article. I must come to a close now.

I am sure all of this information I have presented to you is just the tip of the iceberg. If I sat down and thought about it long enough and hard enough I have no doubt I could come up with a lengthy list of many more of America's shortcomings. The topic of impending judgment upon America is not something that I necessarily like to hear, think or talk about but I am not the one who makes the rules. The Lord Almighty is in charge of that. I am simply acting as the mouthpiece of a watchman; hoping that these words have spoken to your conscience in a way you will be forever changed for His glory. Amen! Amen and Amen!

Peace to you,
